A simpler expensing process for everyone

 Employees	 Managers	 Finance teams
Submit expenses in seconds, track reimbursements in real time, and eliminate the need for paper receipts.	Approve claims with a single tap, automate the approval of low-risk expenses, and track team spending in real time.	Eliminate manual errors, remove end-of-month peaks and automate compliance checks.

"We found that we are now **80% more efficient** in processing expenses. We estimate that Rydo saves us approximately **530 working days each year** compared to the analogue process. We allocate these hours to special projects and strategic initiatives."

Our company, the magic behind the tech

The true magic behind our technology lies in the people and values that power us every day.

Transparency: our open and transparent collaboration is the foundation for building trust.

Flexibility: we are open minded and willing to adapt or change course.

Empowerment: we spark confidence and want people to live up to their full potential.

Letting others shine: we leave our ego at the door and genuinely appreciate others.

Sustainability is also at the heart of everything we do. We are fully committed to reducing our environmental impact, aiming to reach net-zero emissions by 2025.

"At Rydoo, we believe in making expense management effortless. Our mission is to free people from administrative burdens so they can focus on what really matters—growth, innovation, and impact."
